Bob, Sarah-

You're correct and beat me to contacting the two of you. We have been short one of our key technical staff members so this has not moved as quickly as we had anticipated. It has one more review here and then we will get it to you and Encana. I don't have a specific date, but I'm pushing as soon as possible.

My best.

Jeremiah. I believe you were going to circulate a revised version of the monitoring program this week. Should we still expect it?

Jeremiah. I'm traveling Thursday so it will be tough. Friday might be a bit better.

Sarah-

Today is a bad day and tomorrow may not be any better.
Would a Thursday morning meeting be too late?

Hi Jeremiah,

Bob Sussman and I would like to have a follow up conversation with you, to briefly chat about next steps and when to schedule a follow up call with the larger group. Do you have any availability today?

Thanks.
